

REACH, SVHC, and RoHS Policy Statement

At Caltronics Design & Assembly Inc, environmental responsibility in the production of your product is a priority. We work to help you adhere to REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals), SVHC (Substances of Very High Concern), and RoHS (Restriction of Hazardous Substances) regulations, guaranteeing that our products meet your communicated safety and sustainability requirements.

If you utilize our in-house design services we can encourage the use of REACH and RoHS approved parts/materials/chemicals from ideation on, or if you come to us looking for a redesign of an existing product our design engineers can use their years of industry experience to offer alternatives for noncompliant parts/materials/chemicals.

From material sourcing to manufacturing processes, every aspect is carefully managed to prioritize the environment and the safety of your product for users. Upon request Caltronics will provide a product-specific Certificate of Conformance (CofC) to you for your records.

Should you desire greater detail on our policies, or have additional questions please reach out to us at regulatory.compliance@caltronicsdesign.com and a member of our team will be happy to assist you.
